

LPPS PD ON THE GO

August 2022 Edition:

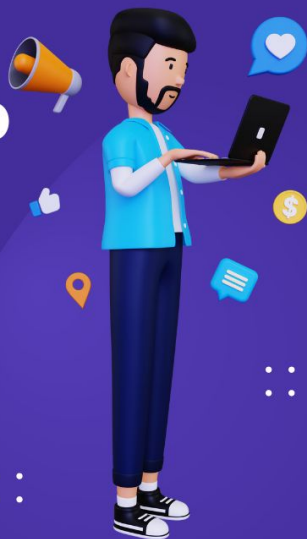

Education is learning what you didn't even know you didn't know

Digital Citizenship Lessons and Resources

ALL schools are required to teach digital citizenship annually.

Did You Know?

Your school has a designated Instructional Technology Facilitator. ITFs help teachers successfully integrate technology into lessons, offer technology trainings, and model new tech tools in the classroom. For more information, please contact your school's admin.

Blended Learning Spotlight

Mr. Stephen Williams, a history teacher at Springfield Middle, has increased student engagement while filling in learning gaps, through Tik Tok. Mr. Williams says, "The average member of Gen-Z spends about 4.5 hours a day on social media; our goal was to create a platform that allows us, as teachers, to meet our educational goals and create an opportunity for learning even once they are no longer our students."

You can find Mr. Williams under his Tik Tok handle "coffeateahistory"

Coffee, Tea, & History

WHERE THE HISTORY IS ALWAYS PIPING HOT
